

OVERVIEW

RightFax for Oracle

Reduce Document Delivery Costs, Streamline Business Processes and Realize a Quick ROI with Easy-to-deploy RightFax for Oracle

OVERVIEW

To stay competitive in this aggressive market, organizations need to deliver business information more quickly, improve internal workflow processes and enhance communications efficiency—all while reducing costs and providing superior service to customers and suppliers. Finding a comprehensive, yet simple solution to address these challenges is not always easy.

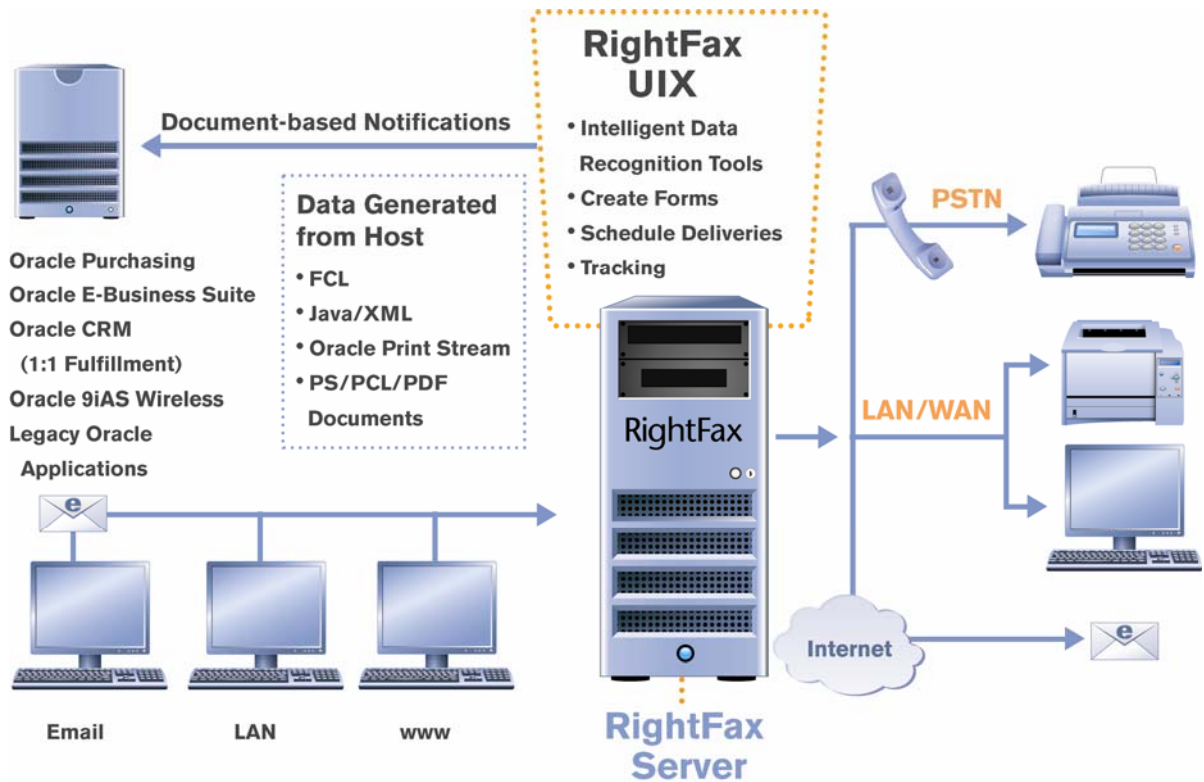

That is where RightFax for Oracle provides a competitive advantage. Oracle-certified, RightFax for Oracle provides enterprise fax and e-document delivery capabilities tailored for Oracle—giving a simplified way for Oracle users to improve business performance and profitability through more efficient business information delivery.

EXTENDING ORACLE WITH RIGHTFAX ENTERPRISE FAX AND E-DOCUMENT DELIVERY

With market leading RightFax for Oracle, organizations can quickly extend the value of Oracle by exploiting automated enterprise fax and e-document delivery to cut costs and streamline processes. Flexible integration options, intelligent data recognition tools, combined with first-class Captaris support reduce implementation and maintenance time and expense. Advanced electronic document delivery and notification capabilities accelerate the business cycle, lower overhead costs and improve the reliability and efficiency of customer and supplier communications. The bottom line difference with RightFax for Oracle is a quick ROI, proven technology and more effective distribution of the information driving business.
