

Captaris® RightFax® MFP Module Promotional Pricing

Captaris Announces Revised MFP Module Pricing

OVERVIEW

Captaris is pleased to announce revised promotional pricing for RightFax MFP Module 2.5. This promotional pricing will be effective from Dec. 1, 2006 until March 31, 2007. There is a strong likelihood of the pricing becoming permanent on April 1, 2007. The RightFax MFP Module provides a robust integration between RightFax Servers and many common MFP devices. This permits customers to leverage their investments in RightFax to provide convenient and scalable fax services to end-users at all levels of the organization.

PRICING OVERVIEW

Pricing for RightFax MFP Module 2.5 is a tiered pricing model based on the number of MFP modules on an order. MFP modules for different MFP vendors (Hewlett-Packard, Sharp and Xerox) may be combined on a single order to achieve a price tier. Support and maintenance purchasing options for MFP Module 2.5 are described in further detail in Product Bulletin 778.
